Comments On Proposal

The applicant proposes to increase the numbers of habitable rooms from 3 to 4. Two driveway parking will be proposed. As the existing garage does not fully meet the council's requirement for car parking, there will be no loss of parking space.

According to the WBC Car Parking Standards, the development of such scale in Urban location will require two parking within the red line boundary. Each parking space shall have minimum dimensions of 5.0m x 2.5m.

As the site is accessed via a private shared drive, the additional proposed parking space #2 could be acceptable, subject to the shared drive off Sellafeld Way will be kept clear from obstruction and parking.

The garage has been removed from the proposal. Alternative cycle storage provision shall be identified when discharging the condition.

Conditions & Reasons (if required)

1. CF9 - CYCLE PARKING (TO BE APPROVED)
