Dear WBC Drainage,

Householder Consultation

Application Number: 251452

Applicant: Mr Bhaskar Chikkanna

Site Address: 5 Walden Avenue, Arborfield, Wokingham, RG2 9HR

Parish: Arborfield and Newland

Grid Reference: Easting - 475507, Northing - 167293

Type of Development: Other Householder

Proposal: Householder application for the proposed erection of a single storey front and rear extension along with changes to fenestration following demolition of existing rear extension and outbuilding.

Case Officer: Claire Moore

Development Management has received the above application and we require your comments on the proposal using the recommended memorandum below. The documents associated with this are available to view in NEC DM using the application number 251452. Alternatively, public documents are available to view on the Council's planning application search page: [Wokingham Borough Council Online Planning](#).

Please index your response into NEC DM against the application. If you are recommending conditions, you should give a reason with reference to relevant policies. A list of standard conditions can be found on the Z Drive at: [Z:\Standard Planning Conditions](#).

Your observations are required in respect of this application within **10 working days** of the above date or **15 working days** if the development type is classed as a major development.

Yours sincerely,
Development Management & Compliance

Proposal:	Householder application for the proposed erection of a single storey front and rear extension along with changes to fenestration following demolition of existing rear extension and outbuilding.		
Type of Development:	Other Householder		
Site Visit Made:	No		

Summary Of Recommendations

- ☐ No comment
- ☐ No objection
- ☒ No objection subject to conditions (and reasons) **stated below**
- ☐ Request further information before determination as **stated below**
- ☐ Objection due to the reason(s) **stated below**

Comments On Proposal

LLFA received this Householder application for the proposed erection of a single storey front and rear extension along with changes to fenestration following demolition of existing rear extension and outbuilding. The development is in Flood zone 1 and low risk from surface water flooding according to the EA mapping. There will be increase in impermeable area and we would have no objection to the principle of the development but as Drainage details have not been provided and the existing drainage details has not been mentioned, we would recommend the condition below.

Conditions & Reasons (if required)

No construction shall take place until details of the drainage system for the site have been submitted to and approved in writing by the LLFA. The details shall include surface water drainage strategy as how the site currently drains and will be drained after proposed development with consideration to SuDS. The approved scheme shall be implemented prior to the first occupation of the development and shall be maintained in the approved form for as long as the development remains on the site.

Reasons

This is to prevent increased flood risk from surface water run-off. Relevant policy: NPPF Section 14 (Meeting the Challenge of Climate Change, Flooding and Coastal Change), Core Strategy policy
