COMMENTS:

I wish to register my objection to the proposed amendments to this and any other applications in relation to the old tennis courts site. When the land first became available as a building plot it was deemed unsuitable for houses to be built due to the number of properties, their size and impact on surrounding properties. The lesser of the evils proposed was to accept fewer chalet bungalows with lower roof levels as they would not have too much of a detrimental affect on the properties around the edge of the site. By wishing to change agreed plans to include a first floor this takes the site back to the original rejected houses and would result in loss of privacy and outlook for already established properties. This is not acceptable as agreed plans should be followed with no changes or adaptations being allowed. If these new changes are accepted then there is no point in putting in a first plan to be passed as afterwards the builder/owner will be able to do whatever they like regardless of surrounding perties and inhabitants. It makes a mockery of the planning process.
