Hi Joanna

I think we have done what we can with this site, I am satisfied with their noise management plan. Nothing further required.

Regards

Hello Chris,

I hope you are well. We have now received an updated operational noise management plan which includes rubber bump stop as requested. Please could you advise whether there is anything else you require in respect of this application to vary condition 32 to lift delivery restrictions in respect of unit 9 only?

Kind Regards,

Joanna
