

1 West Elevation (front)
1:100

3 East Elevation (rear)
1:100

2 South Elevation (side)
1:100

2 North Elevation (side)
1:100

All modifications, alterations, or changes to the project design, specifications, materials, or methods must be reviewed and approved by the Principal Designer. No changes are to be implemented without prior discussion and written consent from the Principal Designer. This process ensures that all design intents and structural integrity are maintained and that any potential impacts on the project are fully assessed. Failure to adhere to this protocol may result in non-compliance with design standards and the Building Safety ACT, and could affect project timelines and costs.

CDM regulations 2015

For *notifiable projects* the building contractor must produce a Construction Phase Plan, which will include :- a statement of methods of construction, hazards, risks and how the works are to be controlled.
A *notifiable project* is defined as works that are 30 working days long, with 20 workers at any point in the project or exceeds 500 working person days - this includes domestic projects.
To be read in conjunction with all CDM and HSE regulations.

Scale 1:100
