COMMENTS:

As a resident of Lower earley and potential beneficiary to this proposal my thoughts are that while some concerns have been raised about the proposed mosque, it's important to highlight that this application has been carefully assessed against local planning policies and meets all necessary requirements. Places of worship play a vital role in fostering community cohesion, and this facility will serve as a space for prayer, education, and interfaith dialogue benefiting the wider area. Traffic and noise concerns have been addressed in the submitted reports, demonstrating compliance with regulations. Diversity and inclusion are key values in Wokingham, and approving this application would reflect those principles.
