Planning Issues : (H'd Sec)

1) Impact upon neighbouring properties - WRE1, SEC1/2

2) Impact upon the street scene - WRE1, SEC1/2

Application Number: F/2000/0728

Appraisal :

1) Impact upon neighbouring properties:
The proposed development is for a side extension to the front dormer to form a shower room.
This will bring the forward most part of the first floor level with the porch underneath.
The height of the extension to the dormer will be the same as existing; 1.6m with a flat top; & be of width 1.5m. This will extend the length of the existing dormer from 4.3m to 5.8m.

- No 47, has a front dormer extending the full width of building to the width of the garage.
All of the properties have dormers on the same side of road (in close vicinity) as No 45 have front dormers.
- It is considered that a proposed extn to the existing dormer will not have any detrimental impact to neighbouring properties by either overbearing or overshadowing. There will be no overlooking - a condition will be added that the window to the shower room be obscurely glazed.

2) Impact to the street scene.
materials will match existing
properties already have similar dormers some of which have been extended (ie/ No 47)
∴ there will be no detrimental impact to the street scene.
