COMMENTS:

I wish to strongly object to this planning application.

A similar planning application was refused and dismissed on appeal on 28 November 2024 (ref APP/X0360/W/24/3339803). In this refusal the reasons for dismissal were clearly outlined by the inspector. This new planning application does not address or resolve the issues raised and so should be rejected on this basis alone.

In addition as noted by others this new planning application contains many inaccuracies (some carried forward from previous applications that still have not been corrected). How is it acceptable to keep resubmitting essentially the same application on a yearly basis and not provide corrected information or satisfactorily address points made by the inspector who has reviewed the appeal of the previous similar application.
