Description

The Parisian bike shelter has a sturdy steel construction with clear 3mm anti-climb polycarbonate roof and side panels. This cycle shelter can be galvanised or powder coated RAL code colour finish or both. The Parisian bicycle shelter is a popular and straightforward model that efficiently accommodates up to 10 or 20 bikes depending on the variant you select.

Options:

This bike shelter can be ordered with 10 or 20 bike spaces. It comes with several options for finish - raw, powder-coated, hot-dipped galvanised, or both hot-dipped galvanised and powder-coated in the colour of your choice. It can also be ordered with or without polycarbonate side panels.

Specification:

- No climb end frames with anti-vandal PET panels on roof and optional on the sides
- No crawl under perimeter
- Hot dipped galvanised or polyester powder coated to BS EN ISO 1461:1999 standard finish
- Single units can be placed alongside or opposite each other to form larger cycle storage areas
- The cycle shelter comes with adjustable overground fixing feet
- Includes assembly bolts, expanding foundation bolts for concrete plinth and arrangement drawing for assembly
- This bike shelter can help contribute towards gaining ENE8 Cycle storage credits when used in the appropriate situation under the Code for Sustainable Homes

Size:
