Dear David Huish,

HOUSEHOLDER PRIOR APPROVAL DECISION

Application Number: 260128

Site Address: 2 Barracks Lane, Spencers Wood, Wokingham, RG7 1BB

Proposal: Application for the prior approval of the erection of a single storey rear extension, which would extend beyond the rear wall of the original house by 6.00m, for which the maximum height would be 2.80m and the height of the eaves 2.80m.

Town and Country Planning (General Permitted Development) (England) Order 2015. Process set out by Condition A.4 of Class A of Part 1 of Schedule 2 of Article 3

I refer to your recent application registered on 19 January 2026 for determination as to whether prior approval is required for the erection of a single storey extension to the rear of the above dwelling.

I can confirm neighbour objections were received and the Council has therefore considered the details submitted and hereby confirms that prior approval is given. Please be aware that you will need to comply with Building Regulations in the construction of the development.

This written notice indicates that the proposed development would comply with paragraph A1. (g) of Schedule 2 Part 1 Class A of the Town and Country Planning (General Permitted Development) (England) Order 2015 (as amended). It is important to note that this written notice does not indicate whether or not the proposed development would comply with any other of the limitations or conditions of Schedule 2 Part 1 Class A. If you require confirmation that the development would be lawful (i.e. that it would comply with all the limitations and conditions set out in Schedule 2 Part 1 Class A), then you can submit an application to the local planning authority for a Certificate of Lawful Development. For your information, building over a gas main or service that is located within your site could cause damage to pipework or potential gas leaks within buildings. You should check for information

relating to services within your site at [Home - LineSearchbeforeUdig \(lsbud.co.uk\)](http://Home-LineSearchbeforeUdig.lsbud.co.uk) and contact the Plant Protection Team at SGN on 0800 912 1722 or plantlocation@sgn.co.uk. The development stated above may be liable to pay the Community Infrastructure Levy. You must therefore complete and return a [form 5 notice of chargeable development.pdf \(planningportal.co.uk\)](#) prior to commencing to determine whether the development is liable. Failure to complete this form can incur a penalty surcharge. Please submit all CIL forms and enquiries to developer.contributions@wokingham.gov.uk.

Informatives

1. This decision relates only to planning legislation. It does not convey any approval in respect of land ownership or any other private legal rights. The applicant is advised that any works on, over or near the boundary may require the consent of the adjoining owner and or may be subject to the provisions of the Party Wall etc. Act 1996. It is the applicant's responsibility to ensure that all necessary permissions and agreements are in place before works commence.

2. Bats are a protected species under the Conservation of Habitats and Species Regulations 2017 (as amended). Should any bats or evidence of bats be found prior to or during the development, all works must stop immediately and an ecological consultant contacted for further advice before works can proceed. All contractors working on site should be made aware of the advice and provided with the contact details of a relevant ecological consultant.

Yours sincerely,

Justin Turvey
