COMMENTS:

Very concerned about lorries turning in and out of the site. There are already problems and dangers with lorries accessing the tyre place next door as they regularly park on the road on one side of the entrance or the other (sometimes for long periods of time). This results in very limited visibility when driving past them towards the bend going from Twyford towards Charvil. I believe this will be much worse with more lorries trying to access the site at the same location.
