Comments On Proposal

The proposal will result in an additional habitable room, however, this is not considered to have a significant impact in respect of the councils parking standards.

The existing garage is to be removed and the submitted drawing indicates that an additional driveway parking space is to be provided. The proposed level of parking is therefore considered acceptable in this instance.

The widened driveway shall be surfaced with a hard bound material. The existing dropped crossing is considered acceptable to serve the proposed driveway.

Conditions & Reasons (if required)

1. CF4 – PARKING (AS APPROVED)
2. CG5 (AMENDED: distance of circa 7.0 metres) - SURFACING
