COMMENTS:

I wish to object to the above proposal as I am concerned that the removal of vehicle storage facilities at 78 Barkham Ride resulting from the removal of the two car carport, the reduction of the garage from double to single and the reduction in the gravelled area to accommodate the planned new build will lead to significant congestion at the head of the drive. This may well inhibit the access of

emergency vehicles, particularly when combined with building works and the resultant delivery and builders vehicles using this restricted area.

I am also unclear where building materials will be stored whilst building work is ongoing as there appears to be no available spare space for placing these materials whilst building work is ongoing
