Comments On Proposal

The proposal will increase the numbers of habitable rooms from 5 to 8. As the existing garage of dimensions of 8.6m x 2.7m does not fully meet the council's requirement for car parking, there will be no loss of parking space. The existing driveway parking will be retained.

According to the WBC Car Parking Standards, the development of such scale in Village location will require three parking within the red line boundary. Each parking space shall have minimum dimensions of 5.0m x 2.5m.

The driveway will have sufficient spaces for three car parking spaces with appropriate dimensions and by utilising the existing dropped crossing, which is acceptable.

The garage has been removed from the proposal. Alternative cycle storage provision shall be identified when discharging the condition.

Conditions & Reasons (if required)

1. CF9 - CYCLE PARKING (TO BE APPROVED)
