COMMENTS:

A new mosque should be built to serve the growing community of Muslims in the area, providing a dedicated space for prayer, spiritual growth, and social connection. As the population expands, it is essential to ensure that there is enough capacity to accommodate all worshippers, particularly during key times such as Friday prayers and Ramadan. A new mosque would also foster a sense of community and unity, offering programs that support educational, social, and charitable initiatives. Additionally, it would provide a welcoming environment for people of all ages to gather, learn, and engage in meaningful dialogue, helping to promote cultural understanding and inclusivity in the broader society.
