Dear Ms Circuit

AMENDMENTS TO EXTERNAL AREAS
MICROSOFT CAMPUS, THAMES VALLEY PARK

Further to your our recent correspondence on the matter of treating the external areas a minor amendment, please find enclosed six copies of our external works drawings showing the agreed planning layout (HED.621.LP.001 revision 08) with the double deck parking facilities and the revised layout (revision 15) omitting the deck parking. Included in these revisions is the change of materials forming the pedestrian crossover at the road junctions as well as the new positions of external lighting within the car park. I have requested a sample of the crossover blockwork to be submitted to your office.

We have also included on the revised plan a bus shelter in front of the new building which will match the existing shelter further down the road. We enclose a photograph of the shelter for your records. This additional bus stop has been added in accordance with the green travel plan.

We have also submitted a separate planning application concurrent with this amendment for the external fencing between the site and adjacent woods following your request that this item is be determined under a new application.

We trust these layouts are in accordance with the modifications we have discussed and look forward to your response.

Yours sincerely

GARY PEMBERTON
