COMMENTS:

I strongly object to the planning application for the following reasons:

Greenfinch drive is a quiet cul de sac without pavements and it was not designed for through traffic and high traffic volume.

This area is used frequently as a turning space by residents and delivery drivers. Without this there would be congestion and if opened up as a through road would be dangerous. There is also a green space which is looked after by the residents of Greenfinch Drive and this would destroy this peaceful space.

There is already access via Wargrave Road so this 'new driveway' is clearly not necessary - it is purely a way for the property developer owner to create an easy access route for future development. This 'new driveway' would only benefit the applicant and would disadvantage all of the residents of Greenfinch Drive and Lincoln Gardens.
