

To Whom It May Concern

Ref: Planning permission for extension at 35 Falstaff Avenue, Earley,
Reading. RG6 5TQ

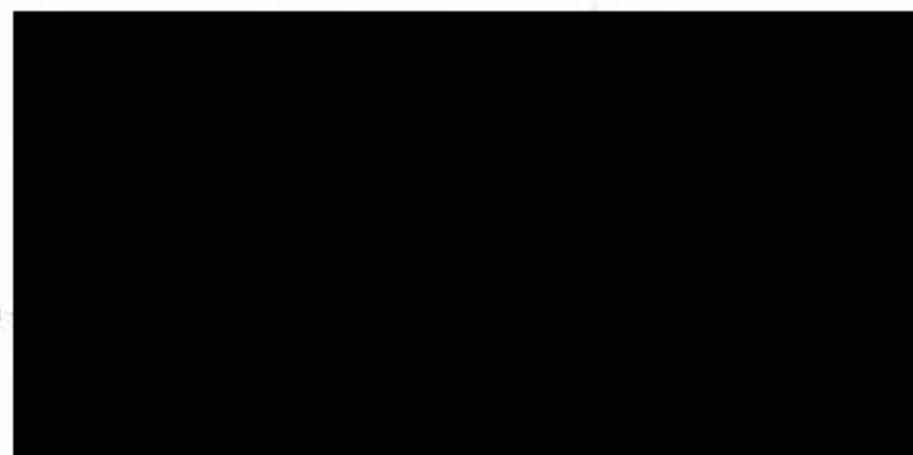

We live in the attached bungalow to the above property and would
be supportive of the planning permission getting accepted for
extension at number 35.

Our neighbours who live there are really having to struggle to live as
a family in a small house without enough bedrooms or bathrooms for

Extending the house would really improve their difficult situation,
allowing them to have a bedroom each and a correctly adapted
bathroom. So allowing a much more acceptable standard of living
with privacy for everyone
