COMMENTS:

The surrounding infrastructure is already struggling! You can't get into your local schools, the doctors are over subscribed and the traffic getting in and out of Shinfield is awful (and that's with loads of people working from home). Not only that, the parking allocated on these estates is not adequate making them look untidy. Lastly, the companies they get in to maintain the land around the houses never maintain the land and the local authority take no responsibility - it makes the area look untidy and unkept.
