

PLANNING REF : 250415
PROPERTY ADDRESS : 2 Pattinson Road Shinfield Park
: Reading, Berkshire
: RG2 8QJ
SUBMITTED BY : Mrs Christine Hook
DATE SUBMITTED : 08/03/2025

COMMENTS:

Whitley Wood Lane is already over congested because of lack of development of the infrastructure to accommodate overpopulation of Shinfield, with all of the new housing developments in Shinfield and further house building proposed.

New roads leading onto the M4 need to be built to accommodate the current traffic and direct it away from Whitley Wood Lane, before any further development is agreed. Perhaps a junction 11 b for the M4

should be considered from the Black Boy roundabout, to filter the ridiculous amount of traffic using Whitley Wood Lane, away from the road, before any further application is considered. Therefore. I object to this and any other new planning application that needs to use Whitley Wood Lane is considered, until the road infrastructure is put in place by the council and Highways agency.
