

A perspective line drawing of a single-story house. The house features a gabled roof with a smaller gable over the front porch. The porch has a flat roof supported by columns. There are several windows: a small square window in the upper gable, a larger rectangular window below it, a set of double doors with transoms on the porch, and a large multi-paned window on the side. The house is drawn with simple lines and some stippling for shading.
