COMMENTS:

Over the years there have been a lot of planning applications associated with the activities of the garden centre on this site, of which this is one. It is disappointing how many of them are retrospective, and how often enforcement action has had to be taken to regularise what happens on the site. I wish the owners/operators of the garden centre would change their attitude and seek permission in advance when they want to make a change. It would save the council and themselves quite a lot of time and trouble.
