Appraisal: The proposal is for replacement of the existing entrance door with an automatic one, which will improve access to the premises. The door and shopfront would be constructed in powder coated aluminium and, although the appearance of the door would change slightly, this would not be noticeably different. Hence, it is not considered that there would be any significant impact on the street scene or the character of the conservation area.

Dear Sirs

ABBEY NATIONAL UNIT
26-28 MARKET PLACE, WOKINGHAM, BERKSHIRE, RG11 14D

Please find enclosed copy of drawing 1521/99/01 which identifies a proposed refit to the basement and ground floor areas. We are proposing no works to the shopfront, façade, and purely decoration and new carpet finish to the Listed front area.

Would you please confirm if Planning or Listed Building Approval is required, considering no works to front façade and only decoration works to the front area of the ground floor.

I would appreciate your early comments to enable us to progress this project accordingly.

Dear Sir

ABBEY NATIONAL UNIT - 26-28 MARKET PLACE, WOKINGHAM

As confirmed by your goodselves that Listed Building Consent is not required for the above building and our recent application returned, we now enclose a revised plan fee of £95.00 for detailed planning permission. However, due to there being no visible changes within the scope of the works to the front façade of the building, apart from re-decoration and adapting the existing entrance door to accommodate an automatic opening and closing mechanism, I am not sure whether detailed planning permission is required.

We will be providing new air conditioning to the building and therefore may require permission relating to siting air conditioning compressors but at this stage are unable to offer detailed locations of these.

Would you please contact me direct to discuss this application prior to taking any further action.

We are commencing works on site on 10 April and completing on 12 May.

Yours faithfully

YOUR PLANNING APPLICATION

WHY DO YOU NEED TO MAKE A PLANNING APPLICATION ?

New buildings, major alterations and enlargement of existing buildings, and many changes in the use of buildings and land need planning permission.
The Town and Country Planning Acts impose a duty on Local Authorities to control these changes, and this means that a balance has to be found between the need and pressure for change, and the desire to protect the character of settlements and the countryside.
The merits of each application are, therefore, carefully examined.

WHAT ELSE MAY YOU HAVE TO DO ?

Listed Building Consent:	for works to a Listed Building; or for demolition works on land within the curtilage of a Listed Building or within a Conservation Area.
Advertisement Consent:	for the display of advertisements or signs
Building Regulation Approval:	for most new building or construction work.

Special forms are available for these types of applications.

You should also check whether there are any other regulations with which you may need to comply.

WHAT HAPPENS TO THE APPLICATION ?

It will first be checked to see if it is complete and if it is, it will be registered.

Consultations will be carried out with public and other bodies, such as the Highway Authority, or Local Parish Councils.

Publicity may be given to allow local people the opportunity to comment on your proposals.

The application will be considered in relation to the Council's planning policies and guidelines, the past history of decisions on that site or in the locality, other standards (such as parking, or visibility at road junctions), and any other material considerations.

The site will be visited by a Planning Officer You may be asked to submit more information, or to amend your application.

The application will then be considered either by a Planning Committee or Sub Committee (made up of Councillors) or by the Chief Officer responsible for planning matters. Objections to an application will be taken into consideration by the Committee or the Chief Officer.

Shortly after the application has been determined, you will receive a Decision Notice.

HOW LONG WILL IT TAKE ?

An application will generally be determined within eight weeks although a longer period may sometimes be required for a complicated application.

WHAT SORT OF DECISION CAN BE MADE ?

Your application may be approved.

Your application may be approved subject to certain conditions. These could impose restictions on the use of land or buildings, or require further details to be approved at a later stage, (e.g. materials or landscaping).
You may appeal against the conditions, but this opens the entire permission to review by the Secretary of State.

Your application may be refused. The reason will be listed on the Decision Notice.

WHAT HAPPENS IF THE APPLICATION IS REFUSED ?

You have the right to appeal against the refusal to the Secretary of State, but you have to do that within six months. Appeals can be dealt with by written representations by both sides, or by a Public Inquiry.
You may ask the Planning Officer whether an amended application would be more likely to receive planning permission.
