COMMENTS:

I object.

1) There would be a substantial increase in traffic, including at night. The plot is served by narrow, single country lanes with multiple domestic houses very close to the road that could be damaged by heavy traffic; regular walkers and horse riders whose safety would be impaired; not suitable for the traffic levels that would result. 2) Such a development would be entirely out of keeping with the area.

3) There would be a substantial increase in noise levels in what is a quiet rural area, again including night time hours.
