

PLANNING REF : 243045
PROPERTY ADDRESS : 6 Ramsbury Drive
: Earley, Reading
: RG6 7RT
SUBMITTED BY : Dr Terence Hackwill
DATE SUBMITTED : 19/12/2024

COMMENTS:

I oppose this application for the following reasons:

This site has two massive extensions already (side and back) and approval of this application would result in over development.

I regard our patio as private. The plan includes a first-floor window that would allow the occupants to look directly onto our patio from the first floor. This would result in a gross invasion of our

privacy. Earley Town Council have recommended a frosted window and I trust that you will uphold their recommendation.

I am hoping that the application will be rejected but should it be passed then I would like the following conditions to be included:

That all work only proceeds during reasonable hours, e.g. Monday - Friday 08:30 - 17:00.

All work will be done from their property because I need constant access to our small gap between the properties and access will not be available.

I spend a lot of time reading and need peace and quiet so I ask that workers' radios be banned as the work is likely to take months and the noise would be unbearable.
