COMMENTS:

Currently there are 16 masjid/islamic centres in reading/wokingham alone. If we talk about diversity , these centres are now in access comparing to other major religions worship place in reading. We have 1 Hindu temple , 2 Sikh temple, 2 synagogues, 2 Buddhist temple in reading. We don't see any reason to have more Islamic Centers in this area or any near by areas now. Don't understand why council is even considering this and not seeing the data themselves.
