Proposed Bike Storage Solution - Scale 1:50

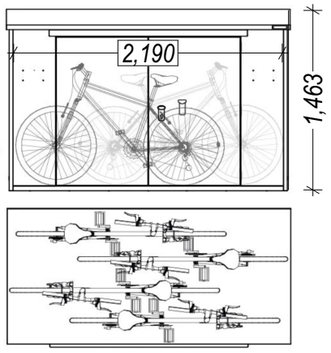

Description

Proposed Bike Store - A small metal shed in the garden for storing 2 to 4 bicycles (including e-bikes).The shed is an Asgard Annexe Plus E (or similar), measuring roughly 8ft x 4ft. It is made of strong galvanised steel and features a police-approved secure locking system. It will be bolted down to a flat concrete base for safety and security.It will be used only for domestic bike storage, kept at a low height, and finished in a neutral colour to blend in with colour of the proposed house Brickwork (Grey). The shed is maintenance-free and fully weatherproof.
