COMMENTS:

I object to the Planning application at Upper Culham Farm on the same grounds as per Annie Harper document.

This expresses exactly our views on the redevelopment of the site as a Polo yard.

The danger of this being turned into a commercial operation in a subsequent application seems very likely given the website that was posted by The Spitfire Polo Club highlighting the development to be used in this way.

If the existing planning is approved by WBC then there should be some restrictions agreed so this is unable to happen in the future.
