COMMENTS:

I am writing to support the proposed redevelopment of the Bath Road site. I have lived on Milley Lane for the past three and a half years and know the site well.

I have been impressed with the architectural design of the scheme. The layout feels well thought out, with a good mix of homes that will appeal to a range of people something that's definitely needed locally. The style and scale fit the surroundings well and will tidy up a previously developed site that has looked out of place for far too long.

The proposed residential development, with a carefully considered lighting design, will be a huge improvement and much more in keeping with the rural character of the area.

I fully support the plans and hope they receive approval.
