

Pound Copse

TPO 18/1968

Description of Works to be undertaken from 26 March 2025

Species to be addressed:

- Holly
- No other species will be touched

Work to be undertaken:

- Over a period of two years (one half of the Copse each year)
- On a cyclical basis
- Coppice to ground level 1 in 5 Holly bushes
- Only those bushes with a trunk diameter of less than 100mm
- By CRoW (Conserve Reading on Wednesdays) conservation group
- Brash to be woven into dead hedges

Density of Holly from road and in part of the woodland – some areas are extremely dense and dark.

Prepared by Hilary Carless, Parish Clerk following discussions with:

- Chris Hannington WBC
- Sarah Duckworth DipARb (RFS), TechCert(ARborA), M. Arbor.A, BA (Hons), LANTRA Professional Tree Inspector
