COMMENTS:

The Existing Location Plan and the Site Plan are incorrect, and include a large part of our garden, which we legally purchased from the previous owners of 37 Parkway, Mr. and Mrs Colin and Margaret Haynes on 20 March 1992 , and was deposited with H M Land Registry, Title number: BK301709. This was shown incorrectly on a previous application from Mr. James Stacey. We subsequently notified Wokingham Borough Council Planning Department and it was corrected by them. Would you please ensure that the site plan is corrected before the application is considered.
