COMMENTS:

I wish to object to this.

Roads by other neighbouring mosques are too dangerous in how cars are parked/abandoned

Visitors for the mosque will park in neighbouring roads as parking stated is not enough, local car parks will be full and not accessible to paying customers as we can see on a Friday in Aldi Earley car park (can't get parked to do your shopping, as they all walk across) I don't feel that this area is the right place due to safety and accessibility.
