COMMENTS:

I object to this because we really don't want any more houses built in this area. People already said that they didn't want it in the first application of this. Why can't you just listen to the people we don't want any more houses in this area it's getting over populated as it is ,why do you have to build on every inch of green space it's a nice little spot full of wildlife and you gonna take it away from them. Plus the noise is going to be terrible. I work nights and I'll struggle to sleep with all this noise going on . If you really care what the people think, please don't go ahead with this.
