RE: RETROSPECTIVE APPLICATION FOR THE ERECTION OF 3 FREE STANDING LIGHTS AT BINFIELD DOG RESCUE CENTRE

I refer to your letter dated 14th November 2000, in which you enclosed an extract from Mrs E N Peek's last will and testament. Whilst in this document you have the right to occupy the site it does not mean that you own the land. For the purposes of the planning application you will need to service notice on the owner of the land and complete Certificate B (copy enclosed).

I hope this clarifies the situation and I look forward to receiving the completed form. Until this is the case the application is considered invalid and cannot be determined.

Yours sincerely

Dear Mr Johnson

RE: RETROSPECTIVE APPLICATION FOR THE ERECTION OF 3 FREE STANDING LIGHTS AT BINFIELD DOG RESCUE CENTRE

I refer to your planning application for the above.

Unfortunately the information received 4th April 2000 did not contain adequate technical information regarding the specification of the lighting required to enable the Authority to assess the likely impact on adjoining properties and highway. If you require further advice please contact Mr D Halley (Street Lighting Engineer) on Tel; (0118) 974 6325.

I also note that there are 4 lights, 3 as shown on the submitted plan and 1 within the kennel area. I would be grateful if you could confirm whether the fourth forms part of the planning application. If so, this needs to be indicated on the plan.

Finally in answer to question 6 of the application form regarding ownership, it is unclear as to whether you are the owner or lessee etc. of the land. If for example you are a leaseholder with a leasehold interest with an unexpired term of less than 7 years then you would need to serve notice on the existing owner. I would be grateful if you could clarify this matter.

Attn: Mrs B Polnik - Senior Planning Officer 14th November 2000

Dear Mrs Polnik

re: Erection 3 free standing lights - Binfield Dog Rescue

We refer to the above matter and would like to point out that we have still not received a visit from Mr D Hadley.

To confirm our conversation on Friday, I would like to clarify that we would turn the lights off at 8pm during the winter months and not require the lights during the summer months. Obviously should a stray dog need to be collected we would require the lighting, so we can kennel the dog. This problem only occurs approximately 10-14 times per month.

I would also point out that we have a light in the kennel area, which was mentioned on Friday which is on a separate switch system, to the three standing lights in question. This light can not be switched off as it is sensor operated. This light has been in the same position since the kennels opened in 1965.

Regarding your question 6 on the application form I enclose a copy of Mrs E N Peek's last will and testament which should answer any queries.

If you require any more information, please do not hesitate to contact me.

Yours sincerely

RE: RETROSPECTIVE APPLICATION FOR THE ERECTION OF 3 FREESTANDING LIGHTS AT BINFIELD DOG RESCUE CENTRE, HURST

I refer to your letter dated 21st September regarding the above-mentioned planning application.

Unfortunately the planning application has not yet been determined as the Authority is awaiting further information from the applicant regarding technical specifications of the lights, requested by the Highway Authority, and clarification of ownership. This was originally requested in July and a letter has been recently been sent chasing a response. As you have written in objecting to the planning application you will be notified of the outcome in due course.

I hope this clarifies the situation.

Dear Mrs Polnick

Re: Planning Application Number:F/2000/0680

I write with objection to the planning application (number F/2000/0680) for the proposed lighting that has already been erected for six months.

I am a joint owner of the property which is situated next to the Binfield Dog Rescue site. The lighting is inappropriate and also over five metres high, with only small panel fencing and no screening between properties. My home and garden is at present being illuminated by this lighting which over the winter months has been on from 4.30 pm to 8.00 am.

I also notice certain discrepancies within this application;-

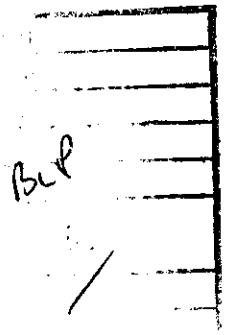

1. Four tall street style lights over 5 metres high have been erected - not three as detailed by the applicant.

2. My family, not Mr Brian Johnson, own this land.

I feel the lighting is out of character for a rural hamlet like Billingbear.

Dear Mrs Polnick

Re: Planning Application: F/2000/ 0680
Site: Binfield Dog Rescue

I write with regard to the above application. There are a number of observations and concerns I have and would like you to be aware of and consider in your assessment of this application.

This lighting has in fact already been erected for some months and I co-own the property next door to The Dog Rescue Kennels, therefore my comments are written with direct knowledge of these lights on the surrounding environment.

- **Light Pollution – To surrounding Area of Woodland/Fields/Wildlife.**
  You will be aware of the rural locality of this site. There are no such similar sites lit up in this way for some miles. This is a very rural area, the effect is considerable light pollution in an area of substantial woodland and fields and disturbance to a natural habitat for the wildlife. This lighting is complete overkill and so completely out of character for this area. The current lighting is on 4 poles (3 are only requested in the application?) at least 5 metres high, these are used to light the area surrounding the actual kennels, this gives considerable coverage and can be seen from some distance.

- **Light Pollution – Intrusion onto Neighbouring Property.**
  This light considerably intrudes our property by lighting it up continually throughout the night. There is little natural screening between these two sites to off-set the affect of such extreme lighting. The light streams into the house at night, this would be expected in a town/street setting, but not affect a home that is not even a village setting and has been set in darkness since the day it was built.

- **Road Safety**
  This sudden blast of light along a road shrouded by complete darkness, raises a safety issue, there are no road markings and no cats eyes along this road, added to this the light is directly on the brow of a hill. When pulling out of our property or indeed driving down the Maidenhead Road, it is completely distracting and oncoming traffic simply cannot be seen.

Continued.....

- **Necessity**
  At present, these lights are used to provide a 24 hour lighting at the Dog Rescue. I believe the kennels closes for the day at approximately 5pm, I can see absolutely no requirement for any lighting after this time.

  The Dog Rescue has been situated here for over 20 years without the need for such over zealous lighting. There maybe a necessity for lighting during the dark winter afternoons, however these lights do not just light up the 'working area' of the kennels, but the surrounding 'vacant' areas.

  The application does not state the exact necessity for these lights. If it is for security reasons, from experience I am aware that a kennels with 20 dogs barking at night, is adequate arousal there may be an intruder on site.

  There are more commercial properties along this stretch of road, which do not have or require such lighting.

The Council has a duty to protect the Countryside, I can see no necessity or justification for development of this type in the countryside. If there is any doubt regarding this, I suggest a site visit at night advisable.

Yours sincerely

Heather Peek.

RE: RETROSPECTIVE APPLICATION FOR THE ERECTION OF 3 FREE STANDING LIGHTS AT BINFIELD DOG RESCUE CENTRE

I refer to your planning application for the above.

The Highway Authority have requested further information regarding the technical specification of the lanterns so that the level of illuminance can be assessed. Furthermore the drawing submitted indicate that the post itself is 5 metres tall but does not show the total height of the structure and dimensions. All these should be given in metric.

I look forward to receiving this information with 14 days of the date of this letter.

YOUR PLANNING APPLICATION

WHY DO YOU NEED TO MAKE A PLANNING APPLICATION ?

New buildings, major alterations and enlargement of existing buildings, and many changes in the use of buildings and land need planning permission.
The Town and Country Planning Acts impose a duty on Local Authorities to control these changes, and this means that a balance has to be found between the need and pressure for change, and the desire to protect the character of settlements and the countryside.
The merits of each application are, therefore, carefully examined.

WHAT ELSE MAY YOU HAVE TO DO ?

Listed Building Consent:	for works to a Listed Building; or for demolition works on land within the curtilage of a Listed Building or within a Conservation Area.
Advertisement Consent:	for the display of advertisements or signs
Building Regulation Approval:	for most new building or construction work.

Special forms are available for these types of applications.

You should also check whether there are any other regulations with which you may need to comply.

WHAT HAPPENS TO THE APPLICATION ?

It will first be checked to see if it is complete and if it is, it will be registered.

Consultations will be carried out with public and other bodies, such as the Highway Authority, or Local Parish Councils.

Publicity may be given to allow local people the opportunity to comment on your proposals.

The application will be considered in relation to the Council's planning policies and guidelines, the past history of decisions on that site or in the locality, other standards (such as parking, or visibility at road junctions), and any other material considerations.

The site will be visited by a Planning Officer You may be asked to submit more information, or to amend your application.

The application will then be considered either by a Planning Committee or Sub Committee (made up of Councillors) or bythe Chief Officerresponsible for planning matters. Objections to an application will be taken into consideration by the Committee or the Chief Officer.

Shortly after the application has been determined, you will receive a Decision Notice.

HOW LONG WILL IT TAKE ?

An application will generally be determined within eight weeks although a longer period may sometimes be required for a complicated application.

WHAT SORT OF DECISION CAN BE MADE ?

Your application may be approved.

Your application may be approved subject to certain conditions. These could impose restictions on the use of land or buildings, or require further details to be approved at a later stage, (e.g. materials or landscaping).
You may appeal against the conditions, but this opens the entire permission to review by the Secretary of State.

Your application may be refused. The reason will be listed on the Decision Notice.

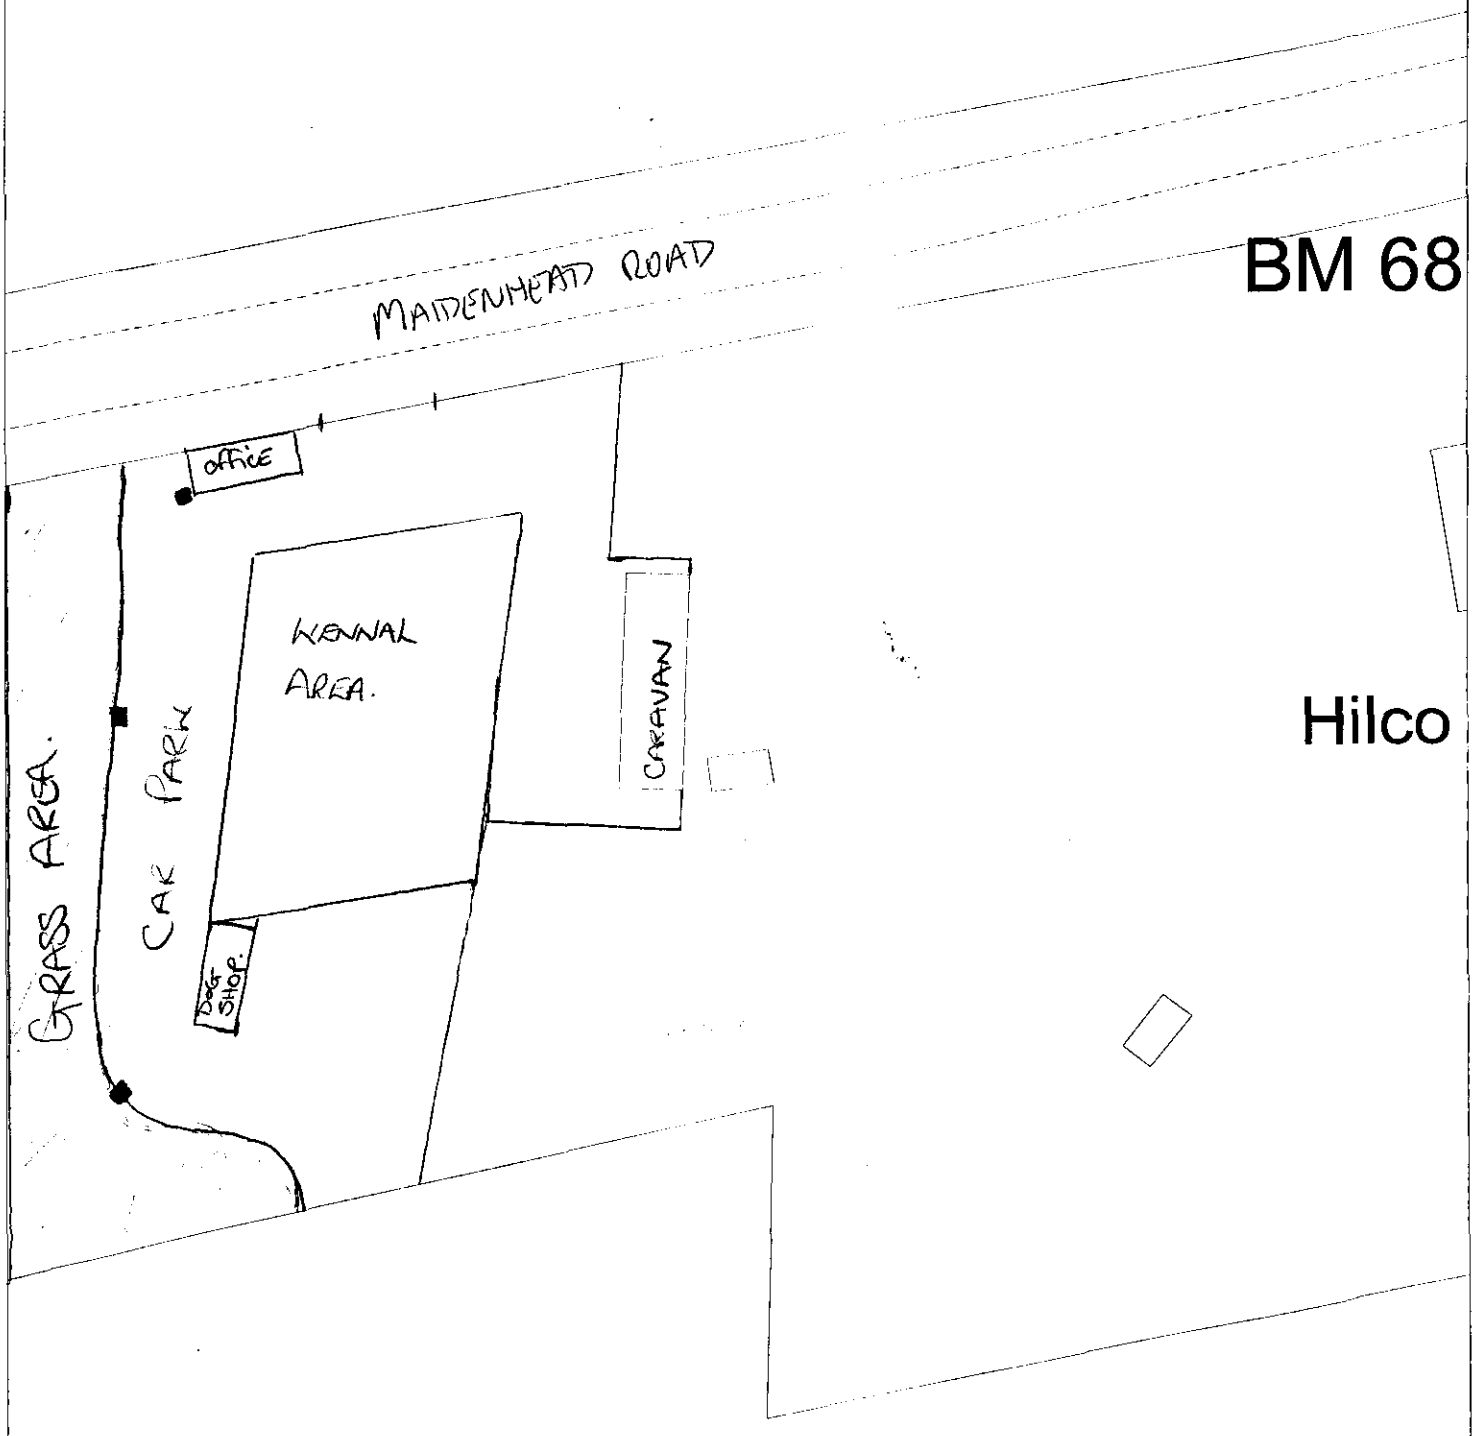

WHAT HAPPENS IF THE APPLICATION IS REFUSED ?

You have the right to appeal against the refusal to the Secretary of State, but you have to do that within six months. Appeals can be dealt with by written representations by both sides, or by a Public Inquiry.
You may ask the Planning Officer whether an amended application would be more likely to receive planning permission.
