The Wokingham District Council in pursuance of their powers under the above Acts and Regulations hereby **Refuse Permission** for carrying out the above development in accordance with the application and the accompanying plans submitted to the Council, the reason for which is specified hereunder.

Dear Sirs

Application A/2000/2772 (NL)
Application A/2000/2727 (JM)

I refer to the 2 applications referred to above which are both within 20 ft of each other. Besides these 2 signs there is a Savills Board and another octagon sign detailing all the trades who are working on the site. This proliferation of signs makes the area look like an advertising area not a rural area. They have all been there for 6 months or more.

Both the applications are for signs which are too large and whilst a sign for 2772 MJF would be acceptable if a reasonable size ie: 1.5 sq meters the other 2727 is not as there is a Savills Board there already.

Don't please allow Remenham to be turned into an Industrial Park with a proliferation of signs.

Yours faithfully

Dear Mr/s Miller

Application no A/2000/2727
Non illuminated sign on the Wargrave Road.

We have received a copy of the application from Octagon House for a sign on the Wargrave road, and feel that it is too large for its purpose.

This sign is merely to advertise the erection of the building, and being two sides will have a total area of over three sq metres which well exceeds the limit given in Miss Humayun's letter to Mr Constantinidi of Sept 21 2000 where she cites a limit of 1.2 sq m.

Yours sincerely.

'Information contained in this form is likely to be personal data within the terms of the Data Protection Act 1984, and as such will be held by the Council on computer (such as the PLANAPS applications processing system) and may be used by the Council only for purposes registered under the terms of the Data Protection Act.'

NOTES

GENERAL

1. Under the Town and Country Planning (Control of Advertisements) Regulations 1989, many outdoor advertisements required "express consent" from the local planning authority (usually the district council) before they can be lawfully displayed. Applicants should refer to the Regulations for details.

Period of Consent

2. Normally the maximum period for which the Council will grant consent is 5 years; but they have discretion to grant consent for a longer period. If consent is required for a specific period of more or less than 5 years, this requirement should be stated in reply to Question 8 on the application form.

Drawing Required

3. The drawing of the proposed advertisement can be in black and white on paper. It should show the size of the advertisement and its position on the land or the building in question. For a sign, the drawing should indicate the materials to be used, fixings, colours, height above the ground and, where it would project from a building, the extent of the projection.

   The drawings should include a 1:2500 scale location plan showing the site edged in RED. All drawings should be submitted in quadruplicate. PLEASE NOTE THE SIGN IS ALREADY ERECTED ON SITE - THIS APPLICATION IS RETROSPECTIVE.

Owner's Consent

4. It is a condition of every consent granted by or under the Regulations that, before displaying the advertisement for which consent is given, the permission of the owner of the land or other person entitled to grant permission shall be obtained.

Other Consents

5. A grant of consent under the Town and Country Planning (Control of Advertisements) Regulation 1989 does not rank as consent which may be required for any other purpose, e.g. 'listed building consent' where the advertisement is to be displayed on any listed building.

Fees for Advertisement Applications
