Planning Issues: The issues raised by this application are impact to neighbour amenity, street scene and provision of off street parking.

The following policies apply: Berkshire Structure Plan policy EN1: Policy SBE2 of the South East Area Local Plan and, Wokingham District Local Plan Deposit Draft 1997 policy WBE1.

Application Number: F/2000/2745

Appraisal:

The application property is a semi-detached dwelling which lies within a defined settlement and is situated on the north side of Harmar Road.

The application proposes a modest depth, single storey, rear extension to be built flush with the west flank wall and extending over part the property width at rear. The dimensions are 1.7 metres deep by 3.5 metres wide.

The application drawing is incorrectly annotated 'front elevation', but should read rear. The applicant has asked that the application be dealt with speedily as her husband has dialysis and the work is needed to facilitate his treatment.

The proposal is modest in depth would not give rise to issues of amenity and there would be no impact to the street scene.

No additional parking demand is created.
