COMMENTS:

I object this planning application for the following reasons

There has been too much development in this area already. There is already proposed plans to build thousands more houses at Hall Farm.

The roads, local services, schools and healthcare systems are already under great strain, this will only add to the problem, particularly as developers continually ignore the need to improve infrastructures.

It will cause the loss of green space and will ruin the rural feel of the area and would have a detrimental effect on the local fauna and flora.

It is importantly to keep the separation of the villages, this proposal would deplete the buffer between Arborfield Green and Barkham Hill.
