**Planning Issues :**

1) Impact upon neighbouring properties
2) Impact upon street scene

**Application Number: F/2001/3532**

**Appraisal:**

The proposed development is for a single storey side extension to form a utility room, WC and storage area.

It would be 1.6m wide and 7.6m long. It would have a pitched roof, 2.6m to eaves and 4.3m to the ridge. The proposal would replace a lean too covered area that exists at present. There would be an obscurely glazed window to the front elevation, no windows in the side elevation and a door in the rear elevation.

**1. Impact upon neighbouring properties**

The proposed development will abut the boundary of No.10 but will have no impact on any neighbouring properties as the property is an end terrace and the nearest property is around 12m away. It is therefore considered that there would be no adverse effects upon neighbouring properties.

**2. Impact upon the street scene**

The proposed development is designed to be in-keeping with the existing dwelling. The materials used would match existing and as such there would be no adverse effects upon the character of the street scene.
