Site Contact

Maple TPO-1429-2012 located on the land to the rear of 41 Fleming.

The Northern side of the canopy is overhanging the rear boundary of 41 Flemming and is suppressing the garden.

I advise a tip reduction of 2m from the branch tips back to suitable growth points to bring the canopy to just within the boundary whilst maintaining a balanced crown.

All resulting waste will be removed and all areas will be left clean and tidy.
