COMMENTS:

i have lived in farley hill for 30 years and since then it has become extremely congested with queues of cars trying to get in and out of the church road A327 junction.

a week ago today there was a massive pile up there with severe injuries. with a plan for 650 homes adjacent to us in the Farley Hill village, it is going to create a very large new lot of cars coming on to the A327 which is going to make it a lot worse for everyone. Eversley village causes a bottle neck in morning and late afternoon and there is room to build a by pass around it to ease this

congestion.I am very concerned about the capacity of the schools in the area with the relatively new Farley Hill school in Arborfield. Also, the capacity at Bohunt school to accomodate these new families. I think a new surgery is needed on the new Arborfield housing development. I object to the 650 homes going ahead in the strongest way possible Christopher Carter
