Comments On Proposal

All species of British bat are protected under the Conservation of Habitats and Species Regulations 2017 and the Wildlife and Countryside Act 1981, as amended. Under this legislation it is an offence to kill or injure a bat or interfere with any roosting or resting site. A bat roost is interpreted as "any structure or place used for shelter or protection" whether or not bats are present at the time.

Conditions & Reasons (if required)

Condition: No retained tree shall be cut down, uprooted or destroyed, nor shall any retained tree be topped or lopped other than in accordance with the approved plans and particulars, without the written approval of the local planning authority. If within a period of ten years from the date of the planting of any tree that tree, or any tree planted in replacement for it, is removed, uprooted or destroyed or dies, another tree of the same species and size as that originally planted shall be planted at the same place, unless the local planning authority gives its written consent to any variation.

Reason To ensure that biodiversity, protected and priority species are not adversely affected by the proposals. Relevant policy: NPPF Section 15 Core Strategy policies CP3 and CP7 and Managing Development Delivery Local Plan policy TB23.

Condition: At no time shall external lighting be installed on the site or affixed to any buildings on the site without the prior written approval of the local planning.

Reason To ensure that biodiversity, protected and priority species are not adversely affected by the proposals. Relevant policy: NPPF paragraph 198 and Section 15,

Core Strategy policies CP1, CP3 and CP7 and Managing Development Delivery Local Plan policy TB23.

Informative: Bats are a protected species under the Conservation of Habitats and Species Regulations 2017 (as amended). Should any bats or evidence of bats be found prior to or during the development, all works must stop immediately and an ecological consultant contacted for further advice before works can proceed. All contractors working on site should be made aware of the advice and provided with the contact details of a relevant ecological consultant.
