COMMENTS:

I would like to agree with comments made by Dr Clare I am also concerned with the points raised by Dr Clare additionally. i would also like to show concern as the extension it's implication on my property which is next door. I am also concerned in near future if I decide to extend what implication it will have on my development. Further more this extension will it effect natural light coming into my bathroom. Also the coming and going of the builders as my fence has been damaged several times previously. Which i had voiced in the past. If reassurance is given that no effect on neighbouring property fences is going to occur.
