COMMENTS:

Sonning Parish Council has carefully considered this application and have the following concerns:

The Parish Council considers this application to be of a poor standard. The plans are referred to as 'superseded' making it unclear if these are the final versions.

The Parish Council understands that bat surveys are required for all

planning applications in the Wokingham Borough where the roof is altered. There appear to be several instances where the proposal includes breaking into the roof but there is no bat survey attached to the application.

However the Parish Council can find no reason to object.
