COMMENTS:

Further to my comment dated 31/10/25 and my neighbour Janet Shackells comment on 5/11/25, I find the need to comment again as with 8 out of 12 directly affected North Court owners not being officially advised of the commencement of the consultation process, and only finding out 'by accident' more than a week after it commenced there has been insufficient time (less than two weeks) to research and comment on the application.  
I have written separately to whom I believe is the case officer but have not received any response.

The residents of North Court will be making comments on this application however it is totally unreasonable to expect these by close of play tomorrow 12/11/25.  
As I believe Finchampstead Parish Council will be working to an end date of 21/11/25, that would be a viable date too for responses from North Court.  
It would therefore be very helpful if this could be acknowledged.  
thank you.
