COMMENTS:

In my earlier comments dated 19th November 2025 I was supportive of the nature of the proposed development but objected to the proposed access down the narrow single track lane.

The revised plans in my view don't sufficiently address my concerns and I echo the comments by Councillor Bray in her submission of 13th September 2026.

Additionally, the comments from Miss Brierley and Mr Doddington on 23rd September 2026 refer to the piecemeal development of the site and I agree that it would be wise to look at this application as part of the proposed wider development of the larger site, with entrance/egress from the north west corner by the existing office buildings.
