COMMENTS:

If your going to build more houses can you at least put a regular bus service in, there are no buses on Sundays and very limited on Saturday, they are hourly and don't run after 6pm in the week. The buses are so bad they have a 2 hour wait between the 7 and 9 am bus and 8 is when people go to work and school ect. The buses also take 1 hour to get to reading due to them going to Twyford donning charvil and Woodley first. It's terrible how is anyone who lives here meant to get anything done may as well bull doze the whole of Hurst. Also if you're gonna build houses we need shops! The Hurst shop was closed for nearly a whole year was the only shop we had. Half an hour walk to Twyford station from Hurst for civilisation. Please sort Hurst out if you want to build here, build bus stops and a bus service and build some shops while your at it if this is where your choosing to develop. We don't just need homes. Thank you
