COMMENTS:

We would like to object to this planning application..  
The proposed house is out of proportion to the size, width of the plot and would be significantly higher than the surrounding properties in particular to the adjacent house, Whistley Mill Farmhouse. The close proximity to the farmhouse , the size , scale and height would dominate the farmhouse, greatly affecting the visual impact and, considerably, the wellbeing of the occupants, Replacing the existing house with a proportionate dwelling would be an improvement Constructing a Manor house would be entirely out of character for the street.
