COMMENTS:

The proposed location of the ASHP will be very close to my property including bedroom window and outdoor seating area.

Due to this planned proximity I have major concerns regarding potentially constant and intrusive noise from the ASHP.

Currently we are fortunate that this is usually a very quiet area with little ambient noise so introducing noise which will be permanent and also present possibly twenty four hours a day seven days a week will have a negative impact on neighbouring properties and people's ability to enjoy them peacefully.
