COMMENTS:

I wish not add a favourable comment this application .I am a resident Victoria Gardens and FULLY support the planningapplicatiunof increasing the site by 35 Park Homes. This is clearly the BEST SOLUTION and in considering the existing site will continue to be the most sort after due to the cleanliness and outstanding quality of both the buildings and unobtrusive gardens and spaces ALL MAINTAINED b y the owner of the site.Bearing in mind the need for the older generation accommodation , it sits well for local amenities and walks. Finally, congratulations to Victoria Gardens for ensuring a HAPPY community and providing the VERY BEST Park Home site in the area for miles around (yes a little bias but TRUE)
