Planning Issues : (Rural Area + Green Gap + Wedges)

1) Impact on neighbours
2) Impact on streetscene.

27/07/2000.

Application Number: F/2000/1808

Appraisal:

1) Impact on neighbouring properties

The proposed development is for a single storey rear extension to a 2 storey, semi detached house to form a conservatory.

It will be 3.4 metres wide and protrude from the rear elevation via the lounge area (previously extended single storey extension) by 1.9 metres. The proposed eaves height of the flat roof will be 2.5 metres. The proposed conservatory is located 0.8 metres away from the north western boundary, and 5.4 metres away from the south eastern boundary.

No.41, to west, 2-storey semi detached neighbour. The main windows in the house face the rear garden. Extended to the rear (north east wards) by approximately 4.5 metres, with a single storey, flat roof, brick built extension, no windows in flank elevation. Due to the position of this property behind a 1.8 metre high fence with 2.2 metre high dense foliage, it is considered that the amenity of the occupiers of this property would not be adversely affected.

No. 45, to the east, 2 storey, semi detached house, 0.3 metres lower, footprint set back by 4 metres from rear building line of No. 43. Due to the position of this property and distance away, behind a 1.8 metre high fence, it is considered that the amenity of the occupiers of this property would not be adversely affected.

Long rear garden with open countryside beyond, no visual impact.

2) Impact on street scene /visual impact.

Materials will match existing. The conservatory will not be visible from the road (the road is not visible from the plot due to the house walls and the boundary treatments), therefore no impact upon the visual amenity of the area.
